INSTRUCTION AND INFORMATION TO PATIENTS

- You may come as a walk-in (without appointment) or emergency patient or as a scheduled case with appointment.
- Walk-in cases will be seen on a first come first served basis, each scan taking 20-30 minutes. The number of walk-in patients accepted in a day, which will vary from day-to-day. Preference will be given to emergencies and appointment cases.
- If you have an appointment, please come 15 minutes before your appointment time, as there is paper work to be completed before the scan. Eg. Consent form has to be filled by pregnant ladies.
- Please bring all your scan reports/ any other relevant medical records/reports (blood test reports, your doctor's file) without fail. All the scan reports are relevant.
- It is our constant endeavour to see the appointment patients on time. But often, we are unable to do so as we have to attend to emergency scans first. The delay can also be due to previous case or cases being unexpectedly complicated thereby delaying the list. Please be patient and co-operate with us.
